## LAUNCHING ConceptZee.ai

Unlock powerful insights with a simple question, in any language

## Introducing our **AI-based Reporting Tool** for all your ERP Reporting needs

- Ask, Don't query, forget selections through various query screens and selection options / filters.
- Effortless Integration with all your Custom ERP Databases as a SAAS module that can be hosted 'In-premise' or the Cloud.
- Lastest Generative AI based LLMs, specifically trained on your
  Data schema and some synthetic data.
- Your Data is never exposed as we do not use the data but iits schema only for the LLMs to get trained
